

HIGHWAY RIB M140Z

The M140Z, TOYO TIRES' highway rib, has been developed to emphasize its improved wear performance and retreadability in a wide variety of operating conditions ranging from short, middle to long highway hauls. Its new casing construction, profile, functional straight rib tread appearance and compound designed under DSOC II, TOYO TIRES' advanced tire design technology, contribute to M140's excellent performance over the competitors.
